ANOTHER WONDERFUL CURE!

PRITARELEGIA, April 9, 1846.
Last August a year, I caught a closent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should ason get rid of it. On the contrary, however, I daily grow worse; a violent cough set in, then pain in my breast and between my shoulders. I sow suffered great oppression from the great secretion of purulent mater in my longs. I became greatly alarmed; among friends considered my simulien extremely critical, the more so as nos of appetite, hertifever, and night aweats rendered mo as weak as child, and at night the swent literally poured of me! This was my condition when I commonced using "Themsen's Compound Symp of Tar and Wood Naphtha." I produced one bottle, and experienced so quich banefit that I resolves to continue it. It is now six months since I cancer using the medicine, and the cure remains perient. I firmly believe this medicine is far superior to every other remedy for Consumption of the large.
